

English is Everywhere!

Living in Canada, you can practice and learn English almost anywhere! Here are some great ideas:

- Make 1 or 2 English speaking friends. Invite them to your house for dinner or just for coffee.
- Go to the library. The [Winkler library](#) has an EAL section for learning English. You can also get easier to read books for young people. The library has many books on CD, so you can listen and read at the same time!
- Watch TV and DVDs. On your TV, turn on Closed Captioning (CC) so you can see the words. On a DVD, turn on Subtitles so you can see the words.
- Listen to the radio. You can listen to [music](#) or [talk radio](#). Listen right now on your computer!
- Read the [newspaper](#) or a local news [website](#). You may not understand everything, but you can:
 - Look for the main idea. What is the story about?
 - Look for the main information and write it down. Answer: Who? What? Where? When? and Why?
 - Look for 5 new words and write them in your [new word list](#).
 - Write your new words on small cards. Put the cards in your pocket and study them through the day.
- Check a [community calendar](#), go to public events, and meet new people!
- [Volunteer or join a club/group!](#)
